ALUMNAE HOMECOMING

LETTER FROM ALUMNAE ASSOCIATION PRESIDENT
Dear Alumna:

It is my sincere hope that you will be able to attend the Alumnae Homecoming Weekend, May 20-22. In addition to the members of the classes which are "scheduled" to reunite, all alumnae are extended a most enthusiastic "please come."

One of the highlights of the weekend will be the formal dedication of "Alumnae House." This building, which is located on the North Campus, has undergone renovation. It will house the alumnae offices, as well as providing some suite accommodations for alumnae guests. It would be wonderful to have alumnae from all classes present for the dedication on Saturday morning!

A major undertaking of your Alumnae Board has been to encourage the development of new chapters and the revitalization of existing chapters throughout the country. It is our hope that through the chapters our alumnae will feel a greater involvement with the College through knowledge of its progress and activities. To that end, Charlotte Lunsford is working closely with Lee Foster to help organize several new chapters. Six cities have been targeted: Roanoke, Charlotte, Atlanta, Houston, San Antonio, and Hampton/Newport News. If you live in or near any of these cities and would like to be involved in the establishment of a new chapter, please let us hear from you. If you don't happen to live in one of these locations and are interested in the development of a chapter, let us hear from you too!

Another project of the Alumnae Board is the offering of our first week long Alumnae College this summer. This "learning vacation" is another opportunity for you and your family to return to the campus and enjoy the many advantages of Mary Baldwin. Please consider participating in this exciting new program. (See story page 7.)

I encourage all of you to make plans to return to Mary Baldwin in May. You will find the College has maintained important traditions while expanding to meet the needs of today's student. I look forward to seeing you.

Sincerely,

Susan B. Homar

The newly-renovated Alumnae House at the corner of Kable and Coalter Streets will open in May during Homecoming Weekend. Formerly the Timberlake House, it was purchased by the College to provide accommodations for alumnae and others visiting the campus. Consider it your home away from home when you come for Homecoming Weekend or other activities. Now, whenever you return to Mary Baldwin, you'll always have a special "place to come to."

HOMECOMING 1983

by Lee Foster

Director of Alumnae Activities

Homecoming Weekend, May 20-22, promises to be a weekend full of entertainment, relaxation, education, and sentiment for all alumnae. Both new and traditional events are scheduled this year, such as Alumnae College, campus tours, and class parties.

The center of activities for the weekend will be the Welcome Tent which will be located on North Campus outside the Student Activities Center. The registration desk, student groups, and alumnae chapter booths will be located at the tent.

Alumnae, spouses, and guests will have a chance to visit with friends and faculty at a wine and cheese party and catered dinner Friday, May 20. Entertainment of special interest to reunion classes is being planned for the dinner.

The MBC Theatre will present three light comedy, one-act plays Friday evening at 8:00 p.m. in Francis Auditorium. The three plays are: "Hands Across the Sea" by Noel Coward, "Ways and Means" by Noel Coward, and "The Old Lady Shows Her Medals" by J. M. Barrie and will be directed by senior drama students.

An Alumnae Parade of all reunion classes will precede the National MBC Alumnae Association meeting Saturday morning. Officers and members-at-large will be elected at the annual business meeting of the Alumnae Association. In addition, outstanding alumnae leaders will be recognized, class awards given, and the Emily Smith Medallion Award will be announced at this meeting.

A variety of activities will be available Saturday afternoon, including tours of the campus and historic Staunton, tennis or golf, shopping and/or just visiting with friends.

Saturday evening there will be a reception and dinner for all alumnae and guests. President Virginia Lester will give her State of the College address at the dinner.

The Sunday morning chapel service will include a tribute to former Dean of Admissions Marguerite Hillhouse. This chapel service will be held at 9:00 a.m. in Hunt Lecture.

Alumnae interested in free career counseling, resume writing, and contact service offered by the MBC Office of Career Services are invited to the Career Services Open House Friday from noon to 2:00 p.m.

The MBC Office of Admissions will also be having an Open House Friday afternoon. An overnight program for alumnae daughters or other prospect students will be available.

RECEPTION FOR PRESIDENT'S ASSOCIATES

A reception honoring current members of the President's Associates and past and present members of the Alumnae Association Board of Directors will be held Friday, May 20, from 5:00-6:00 p.m. at the home of President Lester.

Members of the President's Associates serve as informed sources of information about higher education in general and Mary Baldwin College in particular, and they support the College with an annual contribution of \$1,000 or more.

NINE REUNIONS PLANNED

All alumnae are invited to attend Homecoming 1983

Weekend. Reunion classes this year are: 1933, 1947, 1948, 1949, 1958, 1967, 1968, 1969, and 1973.

Chairpersons are:

Meredith Dunbar Carlson '60, Homecoming Coordinator

Charlotte Taylor '33

Betty Buel Winn '33

Official registration brochures for Homecoming 1983 will be mailed to all alumnae in early April. For questions or further information, call the Alumnae Activities Office at 703/885-0811, ext. 361.

ALUMNAE HOUSE TO BE DEDICATED

The formal dedication of Alumnae House will be held during the National Association meeting Saturday morning. This facility will house a large living room for entertaining, four guest suites, and the Alumnae Activities offices. The ceremony will follow the Alumnae Parade and will take place on the lawn of Alumnae House.

Tours of Alumnae House will be available throughout the weekend. Alumnae House will also be the location for several events during Homecoming.

Following the election of officers and members of the Board of Directors, the results shall be published and distributed to all members of the Association."

ALUMNAE FUN RUN

Whether you can run a mile in four minutes flat or in four hours flat, you should plan to start Reunion Saturday at the MBC Fun Run.

The "race" is open to the entire MBC family and starts at 8:00 a.m. The approximately one-mile event begins at Hunt Dining Hall and winds over campus hill and dale before hitting the finish line in front of Hunt. Whether you're an alum, spouse, child, faculty, student, or staff member, you are invited to run or walk.

The Fun Run is sponsored by the Student Intramural Committee. The Committee will award prizes to the winners at the National Alumnae Association meeting later Saturday morning. Nancy Allen Cary '77, an avid runner, is helping coordinate the event.

NEW AWARDS TO BE GIVEN

Several new awards will be given during the National Alumnae Association meeting Saturday. Two awards concerned with Annual Giving will recognize the class who during the 1982-83 Annual Fund year gave the largest combined gift to the college and to the class that had the largest percentage of members contributing to the Annual Fund. Traditional

awards such as the Emily Smith Medallion Award, Reunion Class Participation, and the Roadrunner Award will also be made during the Awards Ceremony.

LEARN ABOUT HOME COMPUTERS

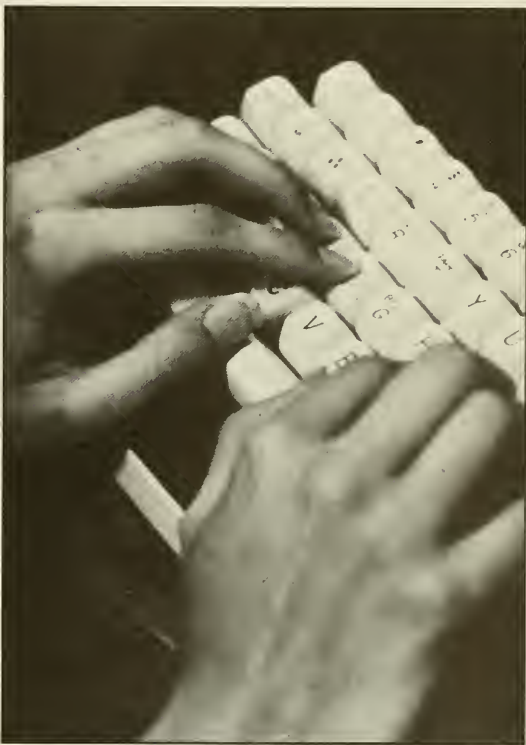

"Home is Where The Heart is." True, but now technology forces us to update that aphorism: "Home is where the computer is." We are in the age of the home computer. The Continuing Education Committee, recognizing that, offers us an especially valuable Alumnae College during reunion weekend. Three "professionals" will teach all of us "amateurs" the which, what, where, when, why, and how of home computing.

On Saturday morning at 9:30 in Francis Auditorium, Dr. Jerry Bird of Virginia Tech will begin the 90-minute session. Slide show, hand-outs, and several microcomputers for "hands-on" work will highlight the program.

Dr. Bob Weiss and Mr. Larry Shank, both of MBC, will join Bird for an informative panel discussion on the future of microcomputers.

You will not be taught to program in 90 minutes, but you will learn the basics of usage, hardware, software, and factors to consider when purchasing a microcomputer.

The entire Alumnae College program is offered at no charge. Contact either Lee Foster at MBC or Anne Graves Foster '76 if you have questions.

MARGUERITE HILLHOUSE 1908-1982

Although people come and go on a college campus they usually leave their mark, especially when they serve the college for nearly 40 years.

This was the case with the late Marguerite Hillhouse who served Mary Baldwin from 1931 until her retirement in 1970.

The College was saddened by her death in December. She died at her home in Greenville, S.C.

Miss Hillhouse had served from 1966 until her retirement as Dean of Admissions and was the first to hold that position. Then-President Samuel Spencer recognized her competence in carrying out "one of the most important positions in the College."

Perhaps Spencer said it best in commenting on Marguerite Hillhouse's devotion to the College. We excerpt his comments from the June 1970 issue of *Mary Baldwin*;

"You may be surprised to know the quality I immediately identify with Miss Hillhouse—surprised, because it seems to contrast with her smallness of stature and her subsistence on back-gallery lunches of cheese crackers and cokes. The quality is that of strength, the kind of strength which comes from absolute integrity. The task of an admissions officer is an enormous strain on character. There is always the temptation to shade the truth a little, this way or that, and most of the shadings could easily be rationalized. But Marguerite is not one to temporize in matters of truth or principle, and thousands who have known her over the years respect her for it. Anything Marguerite Hillhouse says is true, no more, or less. I would stake my life on that.

She also recognized, in the highly important job she did for this college, that an admissions officer must be dispenser, not of favors, but of justice. Over the years she must have handled at least 20,000 cases. Every single one of them was treated as a person rather than as a statistic. Every single one of them received, at her hand, the best and fairest judgment she could possibly give. The same was true of every decision she made as Registrar.

Absolute integrity, absolute fairness—these are her outstanding hallmarks. They are by no means all. Everything Marguerite Hillhouse has ever done for this college she has done without stint, without thought for herself. She is living proof that size has nothing to do with stature."

As a further tribute to her, the College has for some years designated as "Hillhouse Scholars" those returning students who made the highest grades the previous session.

Dr. Thomas H. Grafton, a former colleague of hers at the College and husband of former Dean of the College Martha S. Grafton, conducted services in Anderson, S.C. following her death. Expressions of sympathy were made in the form of gifts to the College Library.

During Alumnae Reunion Weekend, the Sunday morning chapel service will include a special tribute to Miss Hillhouse.

John Jacob Visits MBC

by Ann Clayton Brandt
Director of Communications

National Urban League President John E. Jacob was a guest lecturer at Mary Baldwin College in January.

Jacob was invited to Mary Baldwin by President Virginia Lester who is on the National Urban League's Board of Trustees. His visit was sponsored by MBC's United Student's Association. "We were very fortunate to have someone of such national prominence visit our campus," commented President Lester.

His lecture on "Blacks and the Reagan Era" was attended by MBC students, faculty and staff, students from surrounding colleges and universities and members of various community organizations as well as the general public.

A news conference was held in Hunt Lounge and included representatives of local and regional newspapers, radio and television stations. His visit came the day after President Reagan's State of the Union address, on which Jacob was asked to comment.

While he does not blame Reagan entirely for the recession and unemployment, Jacob feels the President has made those problems worse by cutting programs designed to help the poor.

At the news conference and in his lecture, Jacob called for a "Universal Employment and Training system to help put all Americans—black and white—back to work."

This would be a joint public and private effort to meet the nation's manpower needs. The program would include four major components:

- a public works and infrastructure repair program to revitalize deteriorating roads, bridges, public housing, etc.;
- a public service job program;
- an expanded partnership with the private sector; and
- a national industrial policy to retrain displaced workers, assist declining industries and help American industry gain world market shares.

During his afternoon and evening visit at MBC, Jacob also visited a criminal justice class of Professor David Cary and answered questions posed by students. The interview program was videotaped by a TV Production class of Professor Howard Frederick to be aired on "Staunton Town Talk" in March.

An afternoon tea gave faculty and staff a chance to meet and talk with Jacob. Students and the public talked with him at a reception following his evening lecture.

The National Urban League is the nation's premier social service agency serving minority communities in 118 cities. Its mission is "to achieve equality for all minorities with special emphasis on blacks in such areas as employment, housing, health and political empowerment," explains James Williams, the League's director of communications.

Charlotte Lunsford Joins Staff

by Lee Foster
Director of Alumnae Affairs

Charlotte Jackson Lunsford '51 has joined Mary Baldwin College's Alumnae Activities staff as Project Director, Alumnae Development. Charlotte will work in this capacity for a six-month period during which she will be working primarily in the area of chapter development.

As a member of the Board of Trustees and past president of the Alumnae Association, Charlotte is by no means a new face to alumnae. After one month on the job, Charlotte reports "terrific enthusiasm about Mary Baldwin and a great deal of interest and support for developing new alumnae chapters."

"This is a fun job working with special people—Mary Baldwin alumnae. Alumnae are eager to learn about Mary Baldwin today and to support the College. I am thrilled to be able to work in this capacity for Mary Baldwin."

Targeted areas for the project include Roanoke, Charlotte, Houston, San Antonio, Hampton/Newport News and Atlanta. Charlotte will be traveling to these and many other cities where large numbers of alumnae live to meet with alumnae and

determine the interest in an alumnae chapter in that city.

Charlotte's home is in Asheville, N.C. She is spending approximately two weeks a month on campus or visiting target cities where alumnae chapters are being organized.

She started her job in January, just after the successful campaign to fund the renovation of the Fine Arts Center. As chairman of the campaign committee, Charlotte was the moving force behind the FAC fund raising project.

Fine Arts Center Campaign Results in Rousing Success

by Dr. Frank Pancake
Director of Planned Giving

The Mary Baldwin Board of Trustees decided in April 1981 that the College should proceed with the creation of a long-needed Fine Arts Center. The estimated cost was \$1.2 million.

Twenty months later, on the target date of December 15, 1982, the campaign went over the top with \$1,245,000 raised. Additional gifts have boosted the total to more than \$1,282,000 at press-time. Of the latter amount more than \$600,000 has been received in cash and the remainder is in three-year pledges.

The highly successful campaign was chaired by Mrs. Charlotte Lunsford '51 who supervised the work of the Campaign Committee consisting of Evelyn C. Brown, James B. Farinholt, Margaret H. Hitchman, Henry C. Ikenberry, Jr., Patty Joe Montgomery, Kenneth A. Randall, Chester A. Rose, Caroline H. Schoellkopf and Rosemarie Sena. All of the above are trustees except Mr. Rose who is chairman of the Advisory Board of Visitors.

The Center will be located in one of the former Staunton Military Academy buildings which is being completely renovated by J. B. Wine and Son of Staunton. The architect is Clark, Nexsen, Owen, Barbieri and Gibson which has served the College over many years. Contract for the renovation was let in July 1982 and work is on schedule. The building will be occupied in the summer of this year.

There are three and one-half floors in the new Center. The top floor will house the art program, the middle floor music and the lower floor theatre. The lowest level of the split-level building will accommodate a print-making and photographic area.

The contributions came from 394 donors. Of this number 241 are alumnae, 43 are current parents or parents of former students, 15 are faculty and staff and 48 are friends of the College. In addition eight foundations and one corporation contributed a very significant 27% of the total.

The largest gift was \$150,000 from the Kresge Foundation. This was a challenge grant and provided an extra incentive for the latter phase of the campaign by furnishing matching funds for subsequent gifts.

A delightfully heart-warming aspect of the campaign was the effort mounted by faculty and alumnae who are former majors in each of the fine arts disciplines involved. As a result of these appeals to honor former faculty members Fletcher Collins, Carl Broman, Ruth McNeil and Gordon Page, there will be major units in the building dedicated to each of them.

The College takes special pride in the fact that 100% of the members of both the Board of Trustees and the Alumnae Board contributed to this campaign and the Advisory Board of Visitors voluntarily set a goal of \$25,000 and oversubscribed it. Such support helps explain the unqualified success of this fund-raising effort.

Bertie Murphy Deming Honored; Fine Arts Center To Be Deming Hall

(Editor's Note: This important news release was sent to key newspapers in Virginia, Louisiana and Arkansas. Formal dedication of the building is planned for October 1983.)

The new Fine Arts Center at Mary Baldwin College will be named for Bertie Murphy Deming, an alumna and trustee of the College. Mrs. Deming and her husband Dr. John W. Deming are residents of Alexandria, Louisiana.

The generosity of Mrs. Deming and her family was vital to the success of the \$1,200,000 campaign to finance renovation of the former Memorial Hall building of the Staunton Military Academy (SMA) into a modern Fine Arts Center.

Donations to the MBC campaign were made by seven members of her family with the intent to honor Mrs. Deming. Included were her four children, her sisters Mrs. William C. Nolan, Sr., of El Dorado, Ark., and Mrs. Christoph Keller, Jr., of Alexandria, and her brother Charles H. Murphy, Jr., of El Dorado's Murphy Oil and Murphy Foundation.

Mrs. Deming has given exemplary service to her alma mater as a student, alumna, fund raiser and leader. She has been a member of the Board of Trustees for seventeen years. Currently, she is vice-chairman of the Board.

In 1972, she was named chairman of MBC's New Dimensions capital campaign which successfully raised \$10 million, primarily for endowment. The funds are being used for improvement of teaching, innovations in the academic program, better student facilities and campus development.

For her distinguished service to the College, she received the Algernon Sydney Sullivan Award in 1974.

A strong advocate of the acquisition of the SMA property by the College, Mrs. Deming solicited the \$1 million gift which made the purchase possible. She made a major gift herself toward that campaign.

She and her family gave another major gift in 1979 to establish the Bertie Wilson Murphy Chair in Business Management in honor of her mother. This was the first endowed chair in the history of MBC and helped support the newly established major in business management—the first to be created by a woman's college in the South.

A framed Board resolution announcing the naming of the Fine Arts Center was presented to Mrs. Deming at the January 24 meeting of the Board of Trustees.

Bertie Murphy Deming '46 chats with Helen Sproul, wife of a Mary Baldwin associate trustee.

Internationalization of MBC; Conference on Japan Held

by Ann Clayton Brandt
Director of Communications

Recognizing the emergence of Japan in the current technological revolution and the importance of Japanese and U.S. economic, political and cultural ties, Mary Baldwin College held a week long Conference on Japan February 26-March 3.

The Conference provided a general introduction into Japan in the broad areas of art, dance, religion, history, economics and politics.

Among the highlights were an exhibit of Japanese woodblock prints from the Shogun Gallery in Washington, D.C., a workshop on Japanese Dance Theater and a lecture on "Japan and the United States—Economic and Political Partners."

The conference was an outgrowth of an exchange program between Mary Baldwin and Doshisha Women's College in Kyoto, Japan, considered to be sister colleges. Each summer since 1980, a group of 30 Doshisha students has visited Mary Baldwin College to study and learn about American culture. The Japanese students will visit this summer, and for the first time, five Mary Baldwin students will go to Japan.

"Mary Baldwin was really ahead of its time on this program," according to Dr. Virginia L. Lester, President of the College and a member of Gov. Charles Robb's Commission to Study the Future of Virginia.

"One of the goals of the Governor's Commission is to find ways in which Virginia can move ahead into our highly technological world and Japan is a superb example of such high technology," she added.

"Technology is one of the fields we can really work on in our country," explained Makoto Ozaki, a professor of English at Doshisha Women's College, who is serving as a visiting professor at Mary Baldwin for two months.

"We have so little land and such small space, that it's only natural for us to go into the minute world, working on computers and electronics," he added.

Professor Ozaki uses high technology in teaching languages. He has compact equipment the size of a small dictionary which stores 10,000 Japanese words and 5,000 characters. "Mary Baldwin students seem fascinated by the device which is used to test their knowledge of the language," he said.

An English professor, Ozaki's special interest is in theater. He received a B.A. in American literature at Doshisha University and an M.A. specializing in Shakespeare at Doshisha Graduate School.

Professor Ozaki is director of the receiving committee at Doshisha planning the visit by Mary Baldwin students this summer. Their program will focus on study of the Japanese language and will include study of Japanese business, history and art. As part of their business studies, the students will visit the main factory of Panasonic in Osaka.

He feels that the Mary Baldwin College-Doshisha exchange program is "the most organized and prepared project that students can get anywhere in Japan."

Two Terrific Ways To Learn About Japan

In Japan: By Special Arrangement

Thanks to the MBC Office of International Studies we are pleased to announce the availability of a mid-July through mid-August trip to Kyoto, Japan. Doshisha Women's College has already sent three groups of young women for summer study at Mary Baldwin. Now, this summer, for the first time, we are returning the favor.

Our agreement with Doshisha will allow us to take along some alumnae as "students,"—to live, eat, and study. You will study language, history, art, social science, religion, and business management. Better yet, the final week of the visit, you will move out of the Doshisha dormitory and into the home of a Japanese family.

All coursework is in English; no knowledge of the Japanese language is necessary.

Frequent field-trip excursions around the country are planned. If you would like to learn about Japan "from the inside," this is a rare opportunity.

The comprehensive fee, excluding air fare, is \$1,850. The trip is in the final planning stages, so please contact Dorothy Mulberry, Coordinator of International Studies at MBC (703-885-0811), if you are interested.

On Campus: Summer Alumnae College

Mary Baldwin's first week-long Alumnae College will be held this summer from July 31-August 6. This learning vacation will be an in-depth look at Japan—its history, culture, economy and business, art, religion, and family life.

Participants in Alumnae College will have a special opportunity to meet and learn with the Doshisha exchange students who will be on the Mary Baldwin campus July 16-August 11. The Doshisha students will make special presentations for Alumnae College, including a talent show and tea ceremony.

The program has been designed to allow time for classroom study, as well as enjoying the Shenandoah Valley. Classes will be held each morning with lectures and discussion sessions. Each day the lecture will address a different aspect of the Focus on Japan.

Afternoons will generally be free for either planned or do-it-yourself activities such as tennis, golf, swimming, visiting nearby historical sites, and shopping. There is a variety of evening activities planned including the Doshisha student presentations, films, and guest Japanese artists.

On Campus: Summer Alumnae College

Alumnae College depends on the number of participants. Please let us know if you are interested, so we can continue our planning.

Weekend at the Remington

Photos by Mandy Burrus '80

The Remington Hotel on Post Oak Park in Houston, Texas, was the location for a special weekend benefiting Mary Baldwin College February 5 and 6. Caroline Hunt Schoellkopf '43, owner of the hotel and a member of the Board of Trustees, hosted the gala which raised over \$29,000 for the College. Alumnae, parents and friends of the College from the states of Texas, Arkansas, Louisiana and Oklahoma enjoyed the weekend.

Nancy and Albert Aschaffenburg of New Orleans (parents of Debra Aschaffenburg '83) visit with President Lester at the afternoon tea.

Sarah Cabell Pavey '45 of Dallas and Rosemarie Sena, Chairman of the Board of Trustees, enjoy the tea which was held Saturday afternoon honoring President Lester.

Carol Cogdell '78 of Austin, Texas, Carl and Elizabeth Trimble Bradley '81 of Houston and John Courtney enjoy cocktails before the dinner and dancing.

President Virginia Lester, Caroline Hunt Schoellkopf and Dale Porter Miller '62 chat after the tour of Bayou Bend Museum. A luncheon was held in the Miller's home to start the weekend.

John Guillard, Minnie Lee Mahony Ginther '30 of Houston and Charlotte Jackson Lunsford '51, Project Director for Alumnae Development, visit during the dinner/ dance.

Merrill Lynch Taps Jones as Assistant Vice-President

Florence Thompson Jones '75 of Houston, pictured above at left, who was recently named president of the new Mary Baldwin College alumnae chapter in that city, has distinguished herself in the investment world. She is assistant vice-president and tax investment specialist for the Merrill Lynch Houston office.

In 1981, she was featured in *Glamour* magazine for her career achievements. She began as an account executive with Merrill Lynch in her hometown of Charleston, W. Va. She became the number one retail producer in the Charleston office and later was one of the top 50 producers specializing in tax investment products. Merrill Lynch, the largest

brokerage firm in the world, has 8,500 account executives nationwide.

Florence was asked to move to New York in 1980 to become senior marketing specialist and national marketing manager for two new tax product areas: sale lease-back instruments and venture capital plans. From specialist and manager, she moved up to assistant vice-president.

Mary Baldwin College didn't have to look beyond its own distinguished alumnae last year to find an inspiring commencement speaker. Florence delivered the commencement address to the Class of 1982.

Lynn Boyd Hewitt off and running

Off and running in Richmond is Lynn Boyd Hewitt '68 who placed second in her age group in the Richmond Marathon last fall.

Lynn started running two years ago to keep up with husband Roger who also runs and who placed tenth overall in the Marathon.

Keeping it all in the family, their children Aaron, age 7, and Emily, age 4, also run shorter distances.

To keep in training, Lynn runs about 65 miles a week the year round. She and Roger are preparing for club races early in the spring. They enjoy picking races in different places.

Lynn is a volunteer carriage driver for the Maymont Foundation in Richmond and works as a rehabilitation counselor.

Lynn majored in psychology at MBC. She was president of the Riding Club in school. She was also an avid tennis player.

Hammack new deputy director for Red Cross

Linda Dolly Hammack '62 a former admissions counselor at Mary Baldwin College, has been appointed deputy director of the Office of Communications Resources at American Red Cross national headquarters in Washington, D.C. In this position, she will help administer Red Cross audio-visual, photo services and publications and exhibit services for the national organization.

Linda was an admissions counselor at Mary Baldwin College from 1964-66 and served on the board of directors of the Alumnae Association and as president.

A music major at Mary Baldwin College, she sparked the recent campaign to raise funds from other graduates in music and the choir for the new Fine Arts Center. Those donations were made in honor of former faculty members Ruth McNeil, Carl Broman and Gordon Page.

She began her media career as a production assistant with WETA/Channel 26 in Washington, D.C., a public television station. In 1975, she joined the Red Cross staff as a production assistant in audio-visual services and later became an associate producer and producer-director.

Linda and husband Paul, an attorney, live in Fairfax County, Va.

Tia Nolan in Africa

While vacationing in Africa last summer, Tia Nolan '69 and her son Peter, age 12, were caught up in an attempted coup by African rebels in Nairobi. They were both held hostage in a hotel in Nairobi for two days while rebels took over.

They experienced many gory sights, roadblocks, looting, street shooting from the hotel; all of which was both very interesting and fright-

ening to Tia and Peter.

Once they were freed from the chaos in Nairobi, Tia said that everything was normal in the rest of the country. The airport was closed for seven days, delaying the remainder of their vacation to Cairo.

Tia majored in drama at MBC and was interested in art history.

Spence is marine specialist

Featured recently in *Coast Watch*, a newsletter published by Sea Grant is Lunde Spence '68 a marine education specialist with the program. Sea Grant, based at North Carolina State University in Raleigh, is a state and federal partnership designed for the wise use of marine resources. There are Sea Grant programs operating in 31 states.

Lunde works with university teacher education programs, museums and science centers, public and private school teachers as well as the marine industry. In her work, she travels throughout the state to help with these groups and holds work-

shops at the coast.

Her programs cover a variety of topics involving the use of marine resources including science, social studies, marine literature and arts, fishing skills, clamming and photography on the coast.

Lunde majored in biology at MBC. She received a National Science Foundation Fellowship to study at the Duke University Marine Lab and holds a master's degree in marine biology from Florida State University.

Preas uses Montessori method

"Everything is available and everything has a place," said Kelly Preas '78 of the Montessori classroom she calls "a children's house." Preas was recently pictured on the cover of *Creative Education* magazine, which featured an article on the Montessori teaching method.

Preas first observed the Montessori system at her high school, which had an "adapted" Montessori school. "I found it fascinating to watch 3, 4 and 5-year-olds working independently and enjoying it. They were able to do more than students in public education," she said.

After majoring in psychology and education at MBC, Preas underwent a year of Montessori training in Atlanta. The key to Montessori teaching, according to Preas, is giving children responsibility at early ages. Montessori schoolchildren choose what they will study.

Preas is working toward a master's degree in learning disabilities at the University of Virginia, and she looks forward to her future in the Montessori system. Says Preas, "We're here to learn together, and it's a place where learning is fun. It's a very warm and comfortable place to be."

Phonathon Rings in Success for 1982-83 Annual Fund

A significant component in the Annual Fund campaign each year is the national phonathon. This year over 200 alumnae and student volunteers will spend 22 evenings calling alumnae and parents to raise \$100,000 in pledges. At the time this publication went to press, 18 nights of the phonathon had raised \$89,129.00 of that goal.

A major emphasis in this year's calls is to encourage participation. The alumnae participation in the Annual

Fund is 37%. The goal for 1982-1983 is to have 40% of the alumnae contributing. To date 271 alumnae have made pledges for the first time and 386 alumnae have made pledges after missing several years. If you were not called please help the Annual Fund by making a gift now. Your gift will make the difference in our participation goal.

The success of the phonathon is due to the volunteers. A most sincere thanks and applause, applause to:

ALUMNAE CHAPTER ACTIVITIES

Richmond

The Richmond Alumnae Chapter raised approximately \$2,000 selling Moravian Sugar Cakes at the Bizarre Bazaar and the Care Package Project in December.

Sherry Bassett Brooks '77 was chairman of the chapter's booth at this year's Bizarre Bazaar which was held in December at the Richmond Coliseum. Alumnae sold over 1,500 sugar cakes and *Ham to Jam* cookbooks, and also distributed admissions materials.

On December 10 members of the Richmond chapter under the direction of Betsy Flooting Davis '69 assembled 238 Exam Care Packages at Westminster Presbyterian Church. The Care Packages were delivered to students on campus by Molly Ramsey '73. Proceeds from the sale of sugar cakes and care packages go to the Richmond Scholarship Fund.

An admissions party for prospective students and their parents was hosted by the Richmond Alumnae Chapter at Grace Covenant Presbyterian Church in January. Carroll Blair Keiger '76 was chairman for this function and was assisted by Janie Huske Satterfield '73, Becky Jones Young '74, Carolyn Avery '73 and Crickett Frey Morris '71.

Virginia L. Lester, President of the College, met with the Board of Directors of the Richmond Chapter in the home of Crickett Frey Morris '71 in January. Dr. Lester gave an update on the State of the College and discussed with alumnae their continuing role in supporting Mary Baldwin.

George McCune, Director of Annual Giving, and Lee Johnston Foster '75, Director of Alumnae Activities, met with members of the Richmond Alumnae Chapter for lunch in February at the home of Crickett Frey Morris '71. Alumnae attending were Sherry Bassett Brooks '77, Bebe Herbert '77, Becky Jones Young '74 and Janie Huske Satterfield '70. Discussion centered around chapter development and the '83 Phonathons.

Recent meeting of Hampton/Newport News steering committee included: Kam Bonfoey Burgdorf '61, Carolyn Haldeman Hawkins '63, and Letia McDaniel Drewry '78.

Hampton/Newport News/Williamsburg

Alumnae from the Hampton, Newport News, and Williamsburg area gathered in the home of Kam Bonfoey Burgdorf '61 for a coffee in February. Approximately 20 alumnae attended the coffee, where Lee Johnston Foster '75, Director of Alumnae Activities, gave an update on current activities at MBC. Leigh Yates '74, First Vice President of the Alumnae Association, and Carroll Blair Keiger '76, Vice President for Chapter Activities, both of Richmond, Va., also attended and spoke on alumnae chapter activities in other cities. Carolyn Haldeman Hawkins '63 assisted with the invitations and refreshments.

A steering committee of alumnae from the Hampton/ Newport News area met with George McCune, Director of Annual Giving, and Lee Foster for a lunch meeting at the James River Country Club on February 16. Plans for organizing an alumnae chapter in the area were made. Those attending were Letia McDaniel Drewry '78, Carolyn Haldeman Hawkins, '63, Suzanne Montague '81, and Kam Bonfoey Burgdorf '61. Carolyn Haldeman Hawkins will chair the steering committee until officers are elected.

Washington/Northern Va.

A Christmas Cheer party was held for all Washington-area alumnae at the home of Susan Moomaw '80 in December. This was the first function of the recently organized Washington area alumnae chapter. Approximately 40 alumnae and guests attended.

On January 6 the first business meeting for the chapter was held at the home of Sally Adams '80. The newly elected officers are Susan Moomaw '80, President; Sanford Jones McAllister '80, Vice President; "Boo" Johnston '79, Secretary; and Brenda Hagg '81, Treasurer.

Charlotte Jackson Lunsford '51, Project Director for Alumnae Development, met with officers of the Washington chapter for dinner at the Hotel Washington on January 24. Suzanne Higgins '75, Washington area coordinator for the Alumnae Admissions Program, also met with the group. Ideas for chapter activities and fund-raising projects were discussed.

Washington alumnae enjoyed the Folger Library Theater presentation of the Shakespearean play "She Stoops to Conquer" on February 24. A wine and cheese reception was held in the Founders Room before the play for those alumnae who had tickets.

Members of MBC Richmond Alumnae Chapter prepare Care packages for current students.

Roanoke

On February 23 Sarah Davis Baker '77, Douglas Moncure Butler '81, Anne Nimmo Dixon '64, Wysor West Gearhart '74, Lee Coleman Gutshall '76, Bobbie Carden Hawkins '75, Ellen Finley Andrews Hunter '49, Louise Fowlkes Kegley '54, Emily Wirsing Kelly '63, Sarah Belle Eason Parrott '73, Leslie Marfleet Terry '77, and Jane Inge Wallace '72, met with Charlotte Lunsford '51, Project Director for Alumnae Development, for a luncheon meeting at Charley's. The group discussed plans for chapter organization and future alumnae activities for the Roanoke area.

Harriet Hart McGuffin '62, Dale Porter Miller '62 and Pene Pettit Moore '62 discuss upcoming alumnae events for the Houston area.

Houston

Houston alumnae gathered at the home of Minnie Lee Mahoney Ginther '30 in February to meet with Mary Baldwin's President, Virginia L. Lester, and Charlotte Jackson Lunsford '51, Project Director for Alumnae Development.

President Lester gave a State of the College address, and Char Lunsford discussed aspects of chapter organization and fund raising.

Alumnae who assisted with the planning of the meeting were Roberta Montgomery Fonville '62, Emily Dethloff Ryan '63, Pene Pettit Moore '62, and Dale Porter Miller '62.

Florence Jones '75 will chair the Houston alumnae group for the coming year.

Dallas

Alumnae and current students from the Dallas area enjoyed a private viewing of the "El Greco of Toledo" exhibit at the Dallas Museum of Fine Arts on January 7. Alumnae from Duke University, Sweet Briar, U. Va., W&L, and William and Mary were also invited to the viewing where they enjoyed a wine and cheese reception and music by the Texas Baroque Ensemble.

On February 10, Charlotte Jackson Lunsford '51, Project Director for Alumnae Development, met with officers of the Dallas Chapter in the home of Frances Lawrence '77. Discussion centered around chapter projects and fund raising ideas.

Dallas alumnae enjoyed lunch and a spring style show at the S&S Tea Room later in February. Ellen Howe '79, co-owner of Plaza Boutique, was hostess and presented the fashion show. Prospective students and their mothers also attended the event.

Caroline Hunt Schoellkopf '43 and Frances Lawrence '77 at the tea held at The Mansion in Dallas in November.

San Antonio, Texas

San Antonio alumnae met at the home of Mary Ann Lewis Seal '49 for a dessert and coffee meeting on February 7 at 7:00 p.m. Charlotte Jackson Lunsford '51, Project Director for Alumnae Development met with the group of 20 alumnae to discuss chapter organization in the San Antonio area. A steering committee headed by Mandy Burrus '80, organized the meeting and will be planning alumnae activities for the future.

New York

The Steering Committee of the New York chapter met in January at the home of Betsy Booth '52 to finalize plans for upcoming chapter activities such as admissions parties and the VCC Ball.

New York alumnae enjoyed a gala affair in February at the Virginia Council of Colleges annual ball held at the Roosevelt Hotel. The black-tie event was attended by approximately 400 alumni/alumnae and guests from Virginia's private colleges.

A November supper meeting of the New York Chapter included Missy Smith '80, President Virginia Lester, and Cathy Jolley '80.

MBC Tradition Personified

by Renee Olander '84

Tradition makes a strong impression on every young woman who comes to MBC, but freshmen Donna Cason, Crozier Draper, Anne Pugh and Allison Van Eman have been raised on it. These girls smilingly speak of MBC as a seminary, a temperance zone, or at least as a much smaller place. They are "third generation" MBC students whose grandmothers, mothers, aunts and sisters came here before them.

"The first thing my mother wanted to do on parent's weekend was buy a beer at the Pub," commented Donna. "You used to have to walk through woods to get to the tennis courts," recalled Anne. Allison and Crozier commented that boys used to wait in the administration building for their dates and that smoking and drinking were forbidden within a 30-mile radius.

The girls all affirmed, however, that their decisions to come to MBC were their own. They were attracted to the College by its size, the students, and the personal attention they received from the faculty when visiting the campus. But, added Crozier, growing up in an MBC family gave her a "definite advantage" over MBC students who had not. And, besides, it's a tradition.

Alumnae Exhibit Fiber Art

by Renee Olander '84

Five MBC alumnae fiber artists displayed their work at the MBC Art Gallery in a show titled "MBC Artists in Fiber and Fabrics" during fall semester.

Martha Matthews '62 showed her combination of photography with tapestries in the exhibit. Her work has been shown in Virginia, North Carolina, South Carolina and Illinois.

Nan Mahone '75 and Vickie Collins '81 work together in Mahone's studio in downtown Staunton. Mahone displayed handpainted belts and scarfs. Collins showed handknit mittens, hats and sea sweaters.

Sue Strauss '81, a handweaver, currently works at Strauss Studios-Handwovens in Tucker, Ga. She has also worked for Carolyn Tanner Designs of Atlanta.

Anne Herron '79 coordinated the exhibit and also showed her own handspun and handwoven works. She now teaches fiber arts at MBC.

STRENGTHENING PRESBYTERIAN CHURCH TIES

by Dr. Frank Pancake

Director of College Church Relations

Mary Baldwin is actively seeking additional ways to serve the Presbyterian Church U. S. with which it has so long been related.

On the Synod level, the College is offering to all Presbyterian ministers and their families a low-cost summer recreation program on campus during the week of July 24-30. The program is called *Presbyhostel*. Brochures have been mailed to all ministers in the synods of the Virginias, North Carolina and Piedmont and the headquarters of the Synod of Trinity for internal distribution. The objective is to provide a pleasant, economical vacation in the beautiful Shenandoah Valley for the minister's entire family. Information about details can be obtained from Don Wells, telephone 703-885-0811, extension 276.

The College also is reaching out to all presbyteries in the Synod of the Virginias. The director of church-college relations, Dr. Frank R. Pancake, and the college chaplain, the Reverend Cynthia Higgins, have made plans to attend at least one regular meeting of each presbytery in 1983-84. Visits have already been

made to Shenandoah and Blue Ridge Presbyteries since January 1 and four more are planned this year. It is hoped that, by providing exhibits, literature and perhaps time on the docket for oral presentations, the ongoing progress of the College can be reported in a more frequent and personal way. This should generate increased pride in the role of the College as a Presbyterian institution which is performing an outstanding service in the education of young women.

Mary Baldwin is also actively involved with local community churches in Staunton. On March 20-21 the Family Life Program will be held on campus featuring Dr. William Oglesby of Union Theological Seminary and Dr. Sandra Brown of Princeton Divinity School. They will be leading a discussion of crises in the cycle of family life beginning with the problems of young children and going on to the later challenges of teenagers, marriage, careers and the elderly.

Program support was invited from all local churches and their members, but the planning of the event was done in cooperation with the four Staunton Presbyterian churches as part of an ongoing relationship.

CONVERT YOUR HOME TO A LIFE ANNUITY?

by Dr. Frank Pancake

Director of Planned Giving

Mary Baldwin College has just completed an interesting gift annuity arrangement. A Presbyterian widower, age 82 and living alone, wished to vacate his residence and enter a retirement home. He tried unsuccessfully to sell his property. Then he inquired about giving it to Mary Baldwin in return for a life income agreement.

Normally the College prefers to sell property of this kind and set up an annuity based on the actual sale price, the rate of return appropriate to the age of the donor, and other considerations. Nevertheless, in view of the sluggishness of the real estate market and the circumstances of the prospective donor, we decided to obtain three appraisals. Thus, we set a value and entered into a gift annuity arrangement based on the agreed fair market value, recognizing that some time may

elapse before a buyer can be found.

We offered a 9.9% per annum rate of return on the appraised value, payable in monthly installments to the donor for life. The College received a deed of gift for the property and will probably sell when a buyer appears.

There are very real advantages to the donor. He is entitled to an income tax deduction of over 45% of the appraised fair market value of his property. He has, of course, avoided the capital gains tax he would have paid had he sold the property himself.

The donor also benefits because about three-fourths of payments are tax free.

It makes sense for persons to whom a large house has become an unwanted burden to consider giving it to Mary Baldwin or another charitable institution in return for a guaranteed life annuity which will enhance the quality of those retirement years.

SUMMER PROGRAMS OFFER LEARNING FOR ALL AGES

by Ann Clayton Brandt

Director of Communications

Even though regular students are off during the summer months, learning goes on for ages six to over sixty at Mary Baldwin College. A variety of summer programs is offered on the campus.

This summer marks the fourth year of MBC's participation in the national Elderhostel program for persons over 60 to take non-credit courses taught by professors of the College. For a modest fee of \$180 including room, board and fees, participants follow a one-week session taking three courses. The program has grown from 160 participants last year and 90 the previous year to a potential 450 participants this year with two sessions going on each week over a five-week period.

Don Wells, Director of Continuing Education and Summer Programs, hopes to attract alumnae to this program. He is also

encouraging alumnae to send their children to summer programs including computer camps, the Special Summer Science Program (S₃P!) and the new Living Language and Literature Program (L₃P!).

This is the seventh year for the science program and second year for computer camps. It is the first year for the language and literature program. The science and literature programs cost \$695 each for three weeks. The computer camps cost \$345 for children (ages 9-11) for one week and \$595 for the junior (ages 12-14) and senior (ages 15-17) camps which both last two weeks.

A schedule of the various programs follows. For more information, contact Don Wells, Continuing Education/Summer Programs, Mary Baldwin College, Staunton, Va. 24401.

Students Learn Corporate Management

by Ann Clayton Brandt
Director of Communications

Students at Mary Baldwin College are going straight to the top to learn about corporate management by meeting with the chief executive officers of various corporations in the country. This is the second year of the Executive-in-the-Classroom Program. Mary Baldwin College was the first women's college in the South to offer undergraduates a major in business.

This semester, seven visiting executives are scheduled to participate in the business colloquium for majors in business, career sessions open to all students, lunch with business professor Phil Moran and some of his students as well as visiting other classes.

G. Larry Wilson, president of the Policy Management Systems Corporation in Columbia, S.C. was the visiting executive in the classroom in January. His company is the leading supplier of packaged consumer software for the property and casualty insurance industry. It provides systems to 292 of the

approximately 1,650 property and liability insurance companies in the U.S. and Canada.

The second visiting executive this semester was John Foster, chief executive officer for Foster Medical Corporation based in Dedham, Mass. This company specializes in medical supplies and home care supplies, equipment and services for patients. Foster also serves as Chairman of the Board of the Foster Management Company, an investment firm.

Marcia Worthing, Vice-President of Administration for Avon Products, Inc. in New York, N.Y., came to MBC in mid-February. Known worldwide in the cosmetics field, Avon has expanded into the areas of fashion and jewelry in recent years.

Other visiting executives scheduled in March and April are: J. Carter Fox, President of Chesapeake Corporation of Virginia in West Point, Va.; Lester Hudson, President of Dan River Inc. in Danville, Va.; Jane T. Gregory, Vice-President for Pak-Mor Manufacturing Company in San Antonio, Tex.; and Rosemarie Sena, Senior Vice-President of Shearson-American Express who serves as Chairman of the Board of Trustees at Mary Baldwin College.

Career Services for Alumnae

As an alumna of Mary Baldwin College, you are entitled to utilize various services of the Career Services' office free of charge, regardless of your year of graduation.

You may wish to investigate our career identification process, the field career counseling call process, techniques for writing a resume, or general interviewing skills. We also offer programs in time management and listening skills.

We invite you to discuss with Diane Kent, Director of Career Services, your career ideas and plans, or your desires to participate in a career program.

Also, as a Mary Baldwin alumna, you may offer some assistance to our undergraduates. During our students' career development, it is always helpful for them to gain as much information about careers as possible. This is done through various methods encouraged by the Career Services' office.

Students will complete Field Career Counseling Calls, externships, or summer jobs in their preferred career areas.

Field Career Counseling Calls are brief meetings with people in diverse careers in which students can gain information and advice about a career. As a result of such meetings, students can decide what career to pursue, and how to pursue it. Externships are academic and career related work experiences. During the externship, the student is a productive employee for the organization while learning a great deal about the career. Students can complete externships during the fall months, spring months, May, or during the summer.

Alumnae can serve as excellent resources for our students. If you would like to participate as an Alumnae Career Model for MBC, please complete the form.

50th Reunion
May 20-22, 1983

KATHARINE CROCKETT Reynolds of Washington, D. C., has recently remarried a gentleman she dated 50 years ago when she was a Mary Baldwin student. They visited **MARY BUSSELLS McDaniel** in December and had a grand time talking over old times at MBC. Katharine's husband is a retired banker.

KATIE JONES Hansen lives in Louisville, Ky., and is a retired librarian. Katie and her retired chemical engineer husband have three children. Katie stays busy with church, retirement home visitation, and the United Appeal.

Over the years **GLADYS LYLES** has travelled moderately and is hoping to do more. Gladys enjoys life in Spartanburg, S. C., where she is involved in the activities of the board of the Spartanburg Junior League, as well as being active in the DAR and the various civic drives. For three winters she has enrolled in French night classes for "fun."

SARA HARRIS Hanger is a very busy alumna in Staunton, Va. Since her retirement from teaching, Sara has travelled quite a bit—to Europe, the British Isles, Bermuda, Nova Scotia, and all the Southern States. Sara has three children, nine grandchildren, and one great-grandchild. In addition to her family, Sara is active with Meals on Wheels, transportation of cancer patients to Charlottesville, K.D.H. Thrift Shop, Florence Nightingale Auxiliary, church ministry, Staunton Fine Arts, three bridge groups, Woodrow Wilson Birthplace Foundation, Virginia Museum, Historic Staunton Foundation, and the Staunton Concert Association.

FRANCES BROWN writes from Staunton, Va., that she is a retired reference librarian and stays busy with church activities and the Staunton library.

MARGARET GRABILL Jones enjoys her church work and is active in the Madison (Va.) Garden Club. She and her husband, David, have a large garden and freeze most of the vegetables they eat. Margaret works with the bloodmobile, reads for children's story time at the local library once a week, serves as an elder in her church, visits two local nursing homes once a month to help the patients, and coaches several high school students.

BECKIE SCANLON McCallie and Spencer live in Chattanooga, Tenn., where she stays busy with many church activities, the juvenile court commission, Junior League, Audubon Society, and is a driver for deprived children. Her husband is retired headmaster of McCallie School.

MARY BUSSELLS McDaniel and her husband travel often, stay busy with their four grandchildren, and enjoy playing duplicate bridge. They live in Sarasota, Fla., and have two sons, Robert and William. Mary writes about her recent visit with **KATHARINE CROCKETT** Reynolds and is looking forward to a repeat visit.

From Altavista, Va., **RUBY DUDLEY**

ALUMNAE HOMECOMING

Rowles writes that she and Thomas celebrated their 50th wedding anniversary last Easter. Their daughter and four granddaughters were the hostesses. They are enjoying their retirement, travel a great deal, and have exceptional health. Thomas built and completely furnished with solid walnut furniture a beautiful doll house of which Ruby is very proud.

CHARLOTTE TAYLOR is living in her own home at Sunnyside Retirement Village in Harrisonburg, Va., where she is active in the First Presbyterian Church. Charlotte enjoyed two visits to the MBC campus last fall and is a volunteer for Meals on Wheels. She has kept in close contact with **MARGARET GRABILL Jones**, **FRANCES TABB Smith**, and **FRANCES THOMAS**; spent a night with **RUTH HOPEWELL** when she spoke in her church. More recently has enjoyed telephone conversations with **BETTY BUEL Winn** and **GLORIA JONES Atkinson**.

MARTHA BELL Wood lives in Ft. Thomas, Ky., and keeps busy with volunteer work, church activities, a bit of bridge, and visits with three grandchildren. Martha is a widow and has two children, James and Carolyn. She is also active in the Sewing Guild and is a receptionist at St. Luke Hospital.

From Charleston, W. Va., **RUTH EDMUNDS Shepherd** writes proudly of her three grandsons and three granddaughters. Ruth's husband is a physician and they have three children, William, Ruth, and Lisa. Ruth is currently a volunteer with the Craik-Patton Museum, House of Colonial Dames.

BETTY BUEL Winn and her husband are actively interested in classical music and work for the Philadelphia Orchestra Association. Since he is semi-retired, they are able to go to Philadelphia frequently and enjoy this hobby. They also serve on the Women's and Men's Committees for the Allentown Symphony. Betty is also involved in establishing a Community Music School for underprivileged children. They live in Zionsville, Pa., and have two adopted children, Shannon and Barbara.

ORAL GREENWOOD Rogers of Shreveport, La., has been a widow for a number of years. She has four grandchildren and, of course, enjoys them immensely.

LOUISE RANDOL Brooks and her husband are both retired. They live in Richmond, Va., and have two children, Tolson and Randall.

'35

MARY BLAKE Green and Alex are busy planning a trip to England and Scotland in May. They live in Markham, Va.

JESSIE BEAR Agnor writes from Lexington, Va., that her husband has been an adjunct professor at Washington and Lee Law School this past semester.

'37

'40

SALLY CHENEY Walker and Ganahl traveled to Egypt and Greece this past year. Sally is president of her garden club and attended the annual meeting of Garden Club of America in Rochester, N.Y. Sally is in charge of the landscaping at Saint Mary's Hall and tries to find time to play a little golf, too. They live in San Antonio, Texas.

ETHELYN JONES Maxwell and Edward stay busy with church and community activities in Louisville, Ky. They also stay in close touch with their six children, three of whom live in Louisville. Ethelyn writes that they have three adorable grandchildren.

'42

BETTY BAILEY Hall of Austin, Texas writes that Adin retired last year and they spent 1982 "helping" their son Tom build their dream home high above a golf course with a marvelous view of the sunsets and the hills beyond. They are still involved with their church, and try to play golf twice a week. Betty is still a volunteer for the American Bible Society. Their home computer has added a new dimension to their lives and to her genealogy research.

ANNE BAIR Lucas lives in New Smyrna Beach, Fla., and is still teaching French and Spanish in the high school and commuting to Europe during vacations.

JANET WERNER Harris now has two grandchildren. Her husband has retired from the legal department of Sun Oil Production Company. They are enjoying living in Fredericksburg, Texas, which is near San Antonio and Austin. Janet sees **BETTY BAILEY Hall** occasionally.

'45

CARMEN HAYES Anderson of Texas City,

Texas, was delighted to see President Virginia Lester at a conference in Louisville last spring. Her youngest child, John, is a sophomore at Austin College.

The big news of **BETTY (Butch) NEISLER Timberlake** is the birth of her third granddaughter in July to daughter Vicki and her husband. Butch and Buck live in Lake Waccamaw, N.C.

'46

PEGGY DAVIS Evans lives in Cherry Hill, N.J., and has been very involved with her own travel agency in central Pennsylvania for the two past years.

CORNELIA ADAIR Green of Bristol, Tenn., is back at the University of Tennessee to finish her education which was interrupted by her family of seven children and 12 grandchildren.

In Lexington, Va., **MARILYN WEST Price** is increasing the size and number of exercise classes she holds in the local Presbyterian church social hall and having lots of fun!
